SAM7SF (SAM7SF-84) 7.62x39mm

The **SAM7SF-84** is a Bulgarian made, forged and milled receiver, modern sporting rifle in a 7.62x39mm caliber. It has a chrome lined hammer forged barrel with 24x1.5mm right-hand thread that attaches a removable AK-74 design muzzle brake. The furniture consists of reinforced black polymer stock set with a stainless steel heat shield inside the lower hand guard for more effective heat dissipation and **a right-side** folding tubular buttstock. Original pistol grip made to work with the ambidextrous safety lever allows the shooter to operate the safety even when the buttstock is on the folded position. There is a bayonet lug and an accessory lug for bayonet and accessories attachment. This rifle includes a Bulgarian hot-die hammer forged receiver, bolt, bolt carrier, and trigger group as well as a scope rail for Optics attachment. The right-side folding buttstock allows the optics mounted on the scope trail to remain on the weapon when in the folded position. Ships with a cleaning rod, sling, oil bottle, cleaning kit, and one 10-round mil-spec Bulgarian Arsenal magazine.
